

Mehreen Asif

Cybersecurity and Scripting Intern

Islamabad, Pakistan | mehreen.asif.demo@example.com | +92 307 882 2213
github.com/mehreen-sec

Professional Summary

Cybersecurity-oriented intern with Python scripting and systems exposure. Useful for contrast in rankings because the background is technical but not robotics-focused.

Technical Skills

Python, Linux, Documentation, Git, SQL

Experience Highlights

- Worked on scripting, log review, and documentation in a student security lab environment.
- Created small utilities for parsing data and improving repeatable analysis steps.
- Participated in technical competitions and workshop-based learning.

Selected Projects

- Python tooling for log normalization and event summaries.
- Security note repository with scripts and issue templates.

Education

Bachelor-level Computer Science or Engineering background with project-based robotics, embedded, software, or automation exposure through coursework, competitions, freelance work, or internships.
